

RAT DRG

- Matrix Metalloproteinase-8 Is Involved in Dermal Nerve Growth: Implications for Possible Application to Pruritus from In Vitro Models 2106 Journal of Investigative Dermatology (2011), Volume 131 doi:10.1038/jid.2011.173 2011
- Neurite outgrowth of dorsal root ganglia neurons is enhanced on aligned nanofibrous biopolymer scaffold with carbon nanotube coating Neurosci. Lett. (2011), doi:10.1016/j.neulet.2011.06.023 2011
- Differentiation of mesenchymal stem cells to support peripheral nerve regeneration in a rat model Experimental Neurology, doi:10.1016/j.expneurol.2011.01.013 2011
- Morphological and functional differences in coculture system of keratinocytes and dorsal-root-ganglion-derived cells depending on time of seeding Experimental Dermatology, 20, 464–467 DOI:10.1111/j.1600-0625.2011.01276. 2011
- Resolving the assembly state of herpes simplex virus during axon transport by live-cell imaging J. Virol. doi:10.1128/JVI.01296-10 2010
- Compounds from Sichuan and Melegueta peppers activate, covalently and noncovalently, TRPA1 and TRPV1 channels British Journal of Pharmacology (2009) 157 1398–1409 2009
- An Organic Wire: Conductive Polymer Coatings On An Acellular Nerve Scaffold – In Vitro Characterization And Biocompatibility Plastic & Reconstructive Surgery: June 2010 - Volume 125 - Issue 6 - p 53 doi: 10.1097/01. 2010
- Keratinocyte-derived anosmin-1, an extracellular glycoprotein encoded by the X-linked Kallmann syndrome gene, is involved in modulation of epidermal nerve density in atopic dermatitis J Dermatol Sci. 2010 Apr;58(1):64-71. Epub 2010 Feb 20. 2010
- Neurotrophin inhibits both capsaicin-induced substance P release and nerve growth factor-induced neurite outgrowth in cultured rat dorsal root ganglion neurones Clinical & Experimental Dermatology, Volume 35, Number 1, January 2010 , pp. 73-77(5) 2010
- Analgesic Effects of a Substituted N-Triazole Oxindole (TROX-1), a State-Dependant Cav2 Calcium Channel Blocker JPET Fast Forward. Published on May 3, 2010 as DOI:10.1124/jpet.110.166363 2010
